under the sentiment strip (this secures it in place and makes it easy to form the circle)

**FOCAL POINT:** Select image of choice. Adhere to sentiment strip with **Multipurpose Glue** or **SNAIL Adhesive**. If you float it on the card separately, adhere with **Stampin' Dimensionals**

***SAVVY TIP:** Want to make 5 cards at one time? Cut one 4" x 5" panel for each pattern of Designer Paper you're using. Stack together and cut five 1" strips on the long side at one time. You may need to remove the top few pieces and run the blade through a second time to reach the bottom layers, but this way all pieces are the same size. Quick & easy!*
